Daily Crime and Fire Safety Log

The Security Department located in the Forchheimer building Suite G-9 maintains a daily Crime Log and Fire Safety Log. The logs for the most recent 60-day period are available for public inspection, upon request, during normal business hours, Monday to Friday, and information for prior periods is available upon request to the Security Department, with at least 2 business days' prior notice.

These logs include all crimes, fire-related incidents and other serious incidents reported to the Security Department that occur on the Einstein campus, including non-campus buildings or properties, on public property or within the Security Department's jurisdiction, or crimes reported to the Security Department by the NYPD. The logs set forth the incident type, date the incident is reported, date and time of occurrence, and general location of the incident, as well as the disposition of the incident (if this information is known). An incident is posted into the log by the Security Department within 2 business days of it receiving a report of an incident; provided that the Security Department may exclude reports from a log in certain circumstances as permitted by law.
