HOW TO APPLY FOR A CLINICALTRIALS.GOV PRS INDIVIDUAL USER ACCOUNT

The Protocol Registration and Results System (PRS) is used to register clinical studies and to submit results information for registered studies. You must have a PRS account to register study information on ClinicalTrials.gov. If you are assisting a PI, they will need their own account as well, if they do not already have one set up.

To request an account, send an email message to clinicaltrials.gov@einstein.yu.edu and in the subject line type in **Requesting a PRS user account** and provide the following information:

- Requestor’s name:
- Organization (Is payroll from Einstein or Montefiore?):
- Email:
- Phone number:
- Department:
- Title:
- IRB# (of trial being registered):
- If you need access to all of your PI’s trials listed in the PRS please list their name(s) here:

*Please note: it can take up to 2 business days to receive your login information (username and password).*
