November 8, 2017

To Whom It May Concern,

It is not the policy of the Einstein IRB to provide a list of our members. The Einstein IRB is the IRB for the Albert Einstein College of Medicine (FWA #00023382), Montefiore Medical Center (FWA #00002558), Jacobi Medical Center and North Central Bronx Hospital (FWA #00009807), and Yeshiva University (FWA #00000140).

A current roster is on file with the Department of Health and Human Services under IORG0008596 (IRB00010283 and IRB00010284). Verification of the Federalwide Assurances and IRB registrations can be found on the OHRP website.

The IRB has two meetings each month. Expedited review and approval may be completed in one week. Full Review and approval may be completed in three weeks. The review/approval timeline varies depending on the investigator response to required revisions and contract review (when applicable).

As per standard operating procedure, the investigator/collaborators are not present during the Full Board's private deliberation and vote.

If you have any questions, please call.

Sincerely,

A handwritten signature in black ink that reads 'ma Epstein'.

Melissa A. Epstein  
Director
