Questionnaire for Physicians

Your answers will be used to develop a database that will include information, based on public sources, that most doctors, patients and hospitals would like to have readily available in one location.

Please check the circle that applies to you.

1. Where is your primary practice?
   - o Private practice
   - o Hospitalist
   - o Critical care

2. Would it be useful to you to have charts and graphs on benchmarks and outcomes?
